Reviving your Spirit in Hygiene!

Hygienists can keep a practice ALIVE & THRIVING!
The pressure can also kill the hygienist’s SPIRIT!
You will laugh and learn as Joy shares her wit and wisdom for reviving your SPIRIT, while reviving your practice, as well.

Here’s some of what Joy will cover:

You’re Not Just a Hygienist Cleaning Teeth
Joy will show you how to inspire patients to receive treatment beyond hygiene—an action that could be life-saving for your patients!

Lost Patient Revival for Practice Survival
Joy will show you how to find, keep, and stop losing patients!

How to be the HERO for Your Practice!
It’s easy to complain about the challenges but, there are hygienists across the country who are having an incredible impact on their practices! Joy will show you how to be the HERO for your patients and your practice!

Our dental hygiene alumni invite ALL dental professionals to this exciting program
Join us to recognize the recipient of the alumnus of the year

Joy Millis, CSP has a provides innovative solutions for dental professionals, who benefit from her more than three decades of hands-on results in dentistry. She is an expert in the business of implant dentistry, influencing patients to receive quality dental care, getting paid without insurance involvement, and recovering lost patients. Joy has earned the National Speakers Association’s highest earned designation of Certified Speaking Professional. She also has a long-term relationship with several universities teaching the business of implant dentistry, with the understanding that marketing, management and communication go along with the clinical skills.
