Academic Outreach in Victoria, TX in cooperation with the Guadalupe Valley District Dental Society

Lecture Course/Allied Dental Personnel are invited to attend

Restorative Materials: What, Where, When and How
Charles W. Wakefield, D.D.S.

OVERVIEW
This is an academic outreach in cooperation with the Guadalupe Valley District Dental Society. This program will review current restorative materials and the rationale for selection and clinical use of the most appropriate material in varying clinical situations. The confusion between marketing and evidence-based dentistry will be made clear. Aspects to be discussed include selection of adhesive systems; microfill, hybrid and nanofilled composites; glass ionomers, resin modified glass ionomers and composites as liners, luting agents and restoratives; information and direct pulp capping with calcium hydroxide or adhesive agents; esthetic alternatives such as indirect composite, porcelain inlays/onlays/crowns and their clinical techniques. The application of color in dentistry, principles of smile design and clinical restoration of cosmetic cases for the general dentist will be described and illustrated.

OBJECTIVES
This program is designed to improve the participant’s ability to:
- Amalgam - Types, new developments regarding mercury
- Cast gold – Is this still the best?
- Adhesive systems – Is the latest generation better for all adhesive procedures?
- Glass ionomers – Conventional, reinforced, condensable, luting
- Composites – Why would anyone ever buy these?
- Composites – Which ones should I use for different procedures?
- Esthetic dentistry – Composites, PFM’s or full porcelain – Basics of planning multidisciplinary esthetic cases and principles of Smile Design.
- Use of color in dentistry and application to shade matching,
- Light curing units – High intensity or low? Fast or slow?

QTH or LED? Which is best?

PRESENTER
CHARLES W. WAKEFIELD, D.D.S., received his dental degree from the University of California at Los Angeles School of Dentistry in 1971. During his career in the United States Army Dental Corps, he completed a two-year Advanced General Dentistry Residency at Fort Knox, Kentucky. He is currently a Tenured Professor in the Department of General Dentistry and Director of the Advanced Education in General Dentistry Residency Program at the Baylor College of Dentistry, Texas A & M Health Science Center at Dallas, Texas. In addition to his academic appointments and research, he is also a Consultant to the Commission on Dental Accreditation with the American Dental Association.

Prior to joining the Baylor College of Dentistry, Dr. Wakefield served as the Director of Advanced Education in the General Dentistry Residency Program and Director of the Division of Operative Dentistry at the College of Dental Medicine, Medical University of South Carolina, Charleston, from 1993 to 1995.

His career in the United States Army included service as Director of the one-year Advanced Education in General Dentistry (AEGD) Residency at Fort Benning and the two-year AEGD program at Fort Hood. His other military assignments have included Fort Polk, Louisiana; Baumholder, West Germany; Fort Sam Houston, San Antonio, Texas; Fort Greely, Alaska; Fort Bliss, El Paso, Texas; Fort Benning, Columbus, Georgia; and Fort Hood, Killeen, Texas. In addition, he also served a two year tour as an Exchange Officer with the British Officer with the British Army, Royal Army Dental Corps, London, England.
